PositPro triangular cushion

- Aubergine - 829080.A

- Grey - 829080

- **Helps support the abdomen and relieve pressure on the heels and sacrum by wedging the thighs**
- **Material developed using the latest innovations**

The PositPro cushions feature Technigel fibre, which provides exceptional comfort for patients. It exceeds the comfort performance of current polyester fibres, is lighter and, above all, has a memory effect. It allows for optimal positioning to relieve pressure points.
They come with a removable Steritex cover, made from the most resistant polyurethane on the market. Innovative, ventilated and waterproof coating on a bi-elastic knitted base. Ideal for decontamination in communal areas and suitable for the most stringent requirements in environments with a risk of contamination. Its resistance to maintenance makes Steritex a product that is highly appreciated by hygiene services. Washable at 95°C. Resistant to chlorine and autoclaving.

Very soft and comfortable to the touch. 100% cotton fibre cover.

Triangular-shaped cushions. Supports and props up the abdomen in a 30° lateral decubitus position.
Under the thighs in a semi-Fowler position at 30°: relieves pressure on the sacrum and heels. The use of this cushion relieves and distributes pressure points for the patient and prevents the development of bedsores during nursing care.
