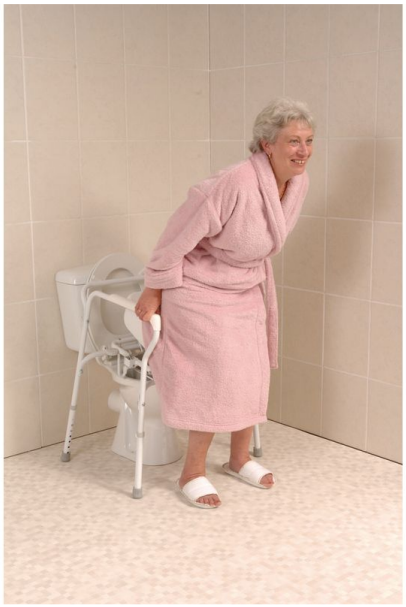
Toilet riser seat



- 811072

- **Stand up gently**

Suitable for elderly people who have great difficulty getting up, this toilet seat gently lifts the user. It is equipped with a hydraulic cylinder that gently assists the user in standing up. Pre-set to the weight of the person, the seat flips down flat. When the person begins to stand up, the seat assists them with approximately 80% of the effort. The seat can be placed on a standard toilet or used on its own with the removable potty provided. Epoxy-coated steel frame and ultra-resistant plastic seat, adjustable in height to suit most users.

Overall dimensions : width 50 x depth 47.5 x height 47 to 62 cm.
Weight 13 kg.
Maximum user weight : 105 kg.
