

Grip 135° lifting bar

- **Lifetime warranty**
- **Ultra-strong bar**
- **Available in straight or right angle bars**

Grip grab bars allow users to hold on or support themselves in case of a fall in any room of the house. Our range of Grip grab bars, with their plastic design, are specially designed for installation in wet areas (bathrooms, toilets, etc.). The ergonomic shape of the bar makes it easier to grip. Robust construction combining a stainless steel inner tube and a plastic-coated outer layer that is very pleasant to the touch. Perfect finish with cover caps for the fastenings. Available in white or with a blue section for visually impaired users. Screws not included. The 135° angle of this special support makes it easier to get out of the bath or off the toilet.

Dimensions : 45 x 45 cm.
Diameter : 32 mm.
Wall clearance : 4 cm.

Maximum user weight : 125 kg.
