

Grip special shower grab bar

- White - 815010

- White/Blue - 815011

- **Lifetime warranty**
- **Ultra-strong bar**
- **Available in straight bars or grab bars**

Grab bars enable users to hold on or support themselves in the event of a fall in any room of the house. Their plastic design makes our range of grab bars ideal for installation in wet areas (bathrooms, toilets, etc.). The ergonomic shape of the bar makes it easier to grip.

Robust construction combining a stainless steel inner tube and a plastic-coated outer layer that is very comfortable to the touch. Perfect finish with cover caps. Available in white or with a blue section for visual impairment.

The vertical and horizontal layout provides effective support in shower cubicles.
