- **Cup with a very wide handle**
- **Impact-resistant material**
- **Large capacity**
- **Dishwasher and microwave safe**

The Ergo cup was developed by Identités' design office to offer users a perfect product with features that are essential for their profession:
☐ A virtually unbreakable material : the Ergo cup is made from copolyester tritan. This material guarantees unbeatable impact resistance. It can be dropped without any damage, even on tiled floors.
☐ A very wide handle makes it easy to use for people with large hands. Internal diameter : 8.2 cm.
☐ Large cup with a graduated scale up to 25 cl, maximum capacity approx. 28 cl.
☐ Ergonomic grip due to its ridged shape. Natural fingers gripy.
☐ A very stable cup: the handle keeps the cup stable on a table.

Dishwasher and microwave safe.
5 colours to choose from : clear, neon blue, neon green, neon red and orange.
Bottom diameter : 5.5 cm and top diameter : 10 cm.
Height: 10 cm.
Spouted lid not included.

Ergo 20-cup colour pack available, including 4 sets of 5 blue, green, red and orange cups and 20 lids.

100% Made in France.
