- **Fits directly onto the existing mattress to improve comfort**
- **Made entirely from natural memory foam**

Turn your bedding into a moment of pure comfort with our Vegelya overlay mattress!
Made entirely from memory foam, our overlay mattress is placed directly on top of the existing mattress to substantially improve comfort. The Vegelya foam used is exceptionally elastic and more resilient than traditional foams.
The mattress topper moulds closely to the shape of the body, eliminating pressure points on the body's contact surfaces.
It is particularly recommended for people suffering from joint, muscle and neck pain.
Our foam is enriched with activated bamboo charcoal, which effectively regulates humidity levels and prevents bacteria from settling. This foam is heat-sensitive, reacting to body heat and providing good oxygenation.

The mattress topper comes with an under-cover and a very soft, thick velour cover. The cover is removable and washable at 40°.
