

Trotter pushchair

- 35 cm - 824003

- **Lightweight folding structure**
- **Choice of size according to the child**
- **Optional accessories available**

Our Trotter pram for disabled or restless children is built from a very light folding frame.

The seat angle can be adjusted from 15° to 22° and the backrest can be adjusted to 3 positions: 85°/90°/95°.

Its large wheels allow you to pass obstacles more easily (diameter 25 cm at the back, 20 cm at the front). The seat depth can also be adjusted. The footrests with Velcro are independently adjustable in inclination and height.

The reversible H-shaped harness (5 points) is very comfortable: one side in velvet and the other in imitation wool.

The textile part is completely removable and machine washable.

Seat height 56 cm.

4 seat widths available depending on the child's size:

Size 1 (order no. 824002) = seat width: 30 cm, seat depth: 30/35 cm, backrest height: 51 cm, pram weight: 8.6 kg, strength: 34 kg. *(This article is no longer available for sale).*

Size 2 (order no. 824003) = seat width: 35 cm, seat depth: 33/38 cm, backrest height: 58 cm, pram weight: 9.5 kg, strength: 45 kg.

Size 3 (order no. 824004) = seat width: 40 cm, seat depth: 35/41 cm, backrest height: 61 cm, pram weight: 11 kg, strength: 77 kg. *(This article is no longer available for sale).*
