

Vegelya Small Comfort Cushion

- 855106
(On restock - Available from 13/06/2024)

This small Vegelya comfort cushion accompanies you everywhere, on your travels, on your sofa and provides you with exceptional comfort and support. Very versatile, it is ideal for the neck, lumbar region, arms, etc...

Our comfort range brings you exceptional comfort thanks to its high quality components. The vegelya foam used is a visco-elastic memory foam with very high resilience enriched with activated bamboo charcoal.

The benefits of memory foam:

It feels like floating in the pillow or cushion by faithfully following the shape of your body. This high resilience foam provides exceptional comfort by avoiding pressure points on your skin, while allowing air to circulate to keep it cool.

The benefits of activated bamboo charcoal:

Bamboo has proven temperature regulating properties, limiting heat build-up and absorbing moisture from your foam. The activated carbon prevents bacteria and dust mites from settling inside your cushion.

Cover in thick velvet, anthracite grey, machine washable at 40°.

Width 36 cm x depth 26 cm x thickness 12 cm.
