

Moorea bath step

- Optimum height 12 cm
- Stackable and solidarizable steps

Our Moorea bath step helps you to step over the edge of your bathtub more easily with its optimal height of 12 cm. Its design provides exceptional stability, while remaining very secure thanks to its textured surface and its non-slip green rubber pads. You then gain 12 cm in height. When you use several steps, they are solid and stackable. When you install 2 steps on top of each other, the total height is 18.5 cm, meaning a gain of 6.5 cm for each new step.

Flat surface on top: width 44 x depth 35 cm.
Overall: 50 x 39 cm.

Weight: 1.2 kg.

Maximum authorised weight 200 kg.
