- **Microwave and dishwasher safe**
- **Models with tapered internal shapes for effortless drinking**
- **Ergo model with double handle**

Our Vital cups keep drinks and soups warm (or cold). It has a wide, easy-to-grip handle and a very comfortable rim for the mouth. The inside of the cup is white to make it easier to see the remaining liquid.

Made of polypropylene. Microwave and dishwasher safe. Made in Europe.

3 models to choose from: Vital standard, Vital Easy and Ergo Vital Easy

The standard model is U-shaped and contains a handle.

The Easy model has an internal V-shape to allow weak people to drink without tilting their head. With handle.

The Ergo model, in addition to having an internal V-shape, also contains 2 handles for a better grip.

2 colours to choose from: red or green
