It allows you to keep your nappy changing and night-time protection. Its cut is ample and comfortable. Dressing and changing is made easier by a zip that starts at the stomach, runs down the crotch and ends at the nape of the neck, which the patient can't manipulate himself.

2 models available: short sleeves or long sleeves.

The short-sleeved model also has 3/4 short legs. Finished with a tab to protect the closure.

Composition: Jersey (Polyester) and cotton (100%). Washable at 60°.
