Identités bedsore prevention seat cushion is made from BASF's PU Cosypur viscoelastic polyurethane foam. This highly resistant foam guarantees exceptional comfort by limiting pressure points. It maintains its flexibility, making it less sensitive to temperature changes and providing constant comfort both indoors and outdoors. The viscoelastic foam is characterised by a slow and controlled return after compression.

It comes with two M1 fire-rated waterproof covers : a waterproof polyurethane cover that is washable at 60°C and a second honeycomb polyurethane cover that is washable at 60°C.
Cosypur PU foam with a density of 86 kg/m3, ideal for patients weighing between 40 and 90 kg.
Two-year warranty.
