- **Hygienic opening at the front or rear**
- **Corrosion-resistant synthetic structure**
- **Hygienic potty with toilet seat included**

The Genf shower and toilet chair can be used independently due to its 24-inch wheels. It has a very comfortable soft seat, removable armrests to facilitate transfers and separate footrests that can be raised and folded away. The armrests can be locked in place when lowered using latches. Wheels with brakes.
The synthetic material used for the frame makes the chair lightweight, easy to manoeuvre and rust-proof.
