PositPro leg separator

- 829029

- **Waterproof and disinfectable**
- **Anti-bacterial treatment**

The PositPro leg separator secures and protects the legs of a person in a wheelchair with soft, comfortable support. It features a double Velcro strap that wraps around the legs. The inside of the divider is filled with 50-60 kg/m3 viscoelastic memory foam flakes for comfort and ventilation. The polyurethane-coated polyester cover is waterproof, can be disinfected with all standard products, and is treated with an antibacterial agent.

Dimensions : width 9/26 x depth 16 x height 20 cm.
Strap length : 63 cm on each side of the cushion.

Weight : 500 g.

Colour : grey.

Date d'impression : 23/11/2026
