

Protective bumpers

- 823064

- **100% Made in France**
- **Waterproof**

These bolsters protect restless patients from metal bed rails or any other bed frame. They also protect the patient from bumping into the bed. They make the bed more comfortable. The three bolster cushions are held together with a strap and quick-release buckle.

Waterproof and sanitizable coated polyester cover, microbead filling.

Dimensions : 3 rolls, length 90 cm, diameter 18 cm
Colour : white
