

Bali bath support

• Padded, non-slip hand grip

The Bali bath rail is a sturdy and secure support that enables the user to step over the edge of the bath safely. The user can grip the padded, non-slip handrail firmly. It is secured to the edge of the bath with two sturdy padded clamps.

Handrail height: 97 cm (+ 40 cm minimum above the rim). Minimum bath rim width: 8.5 cm and maximum width 14 cm.

Maximum bath rim height: 57.5 cm.

Height adjustment knob for smaller bath rims.

Handrail width: 32 cm.
