Bloc-Soft prehension clamp

- 65 cm - 817214

- 82 cm - 817215

- **Gripping clamp with lock in closed position**
- **Presentation video available below**
- **Lifetime warranty**

The Bloc-soft gripping clamp offers users all the precision and comfort they require to grasp objects that are out of reach from their wheelchair. It features an ultra-comfortable gel handle, a rubber clamp that is accurate even when picking up small items, and is extremely lightweight. Its locking system in the closed position allows the handle to be released once the object has been clamped. The clamp can be adjusted horizontally or vertically. Locks in the closed position

Weight : 307 g
