

Sécurit bath access bar

- 812093

- **Large non-slip grip**

Our bath access bar attaches to the edge of the bathtub and helps you step over the edge more easily. Ideal for frail elderly people. It has a high holding point to step over the edge of the bathtub and a low holding point to sit up and down. It can be attached to the bathtub rim with a large knob without the need for tools.

The top of the bar is non-slip thanks to its rubberised handle.

Colour white/black.

Tub rim min. 8 cm, max. 12 cm. Height to bath: 37.5 cm.
