

## **Classic calendar clock**

## • An ideal tool for disoriented individuals

The large Classic 2 calendar clock (32 x 32 cm) makes it easier to keep track of time with its clear display of the day, date and year. It has a large clock face with quartz movement. It also indicates whether it is morning or afternoon. The year can be changed manually using a set of numbers provided. An ideal tool for people who are disoriented.

Requires 1 AA battery and 2 C batteries (not included). Stands on its own or can be mounted on the wall. Dimensions: width  $32 \times 4 + 10.5 \times 10^{-2}$  weight: 1.7 kg.
