Phoenix Leg Strap

- 822243

All Areli models have an enlarged plantar dimension, as well as a very high elasticity adapted to the main pathologies. The technical outsoles provide optimal absorption of the day's impacts. The comfort insole is always removable so that you can slip in your own custom insole. Very light thanks to the unique composition of the sole, very resistant to wear.

Very light sandals for sunny days. Velcro closure.

Taupe colour.
