- **Germ resistant and anti-odour treatment**

Incontinence underwear
Identités offer a range of underwear specially designed for light to moderate incontinence. Ergonomic and stylish, they are made from a soft, ventilated, leak-proof fabric in certain areas. Their fabric and shape make them as discreet as regular underwear. Soft, natural fabric made from 100% combed cotton jersey. Individuals can use them with their usual disposable pads or with reusable and washable pads available on this page.
The washable pads are made from bamboo viscose, a material that is 60% more absorbent than cotton and dries 20% faster.

Available sizes:
