Incontinence underwear

We offer a range of underwear specially designed for light to medium incontinence. Ergonomic, they are made of a soft breathable material that stops the fluids. Their material and shape make them as discreet as conventional underwear. Soft and natural material in 100% combed cotton jersey. You can use them with your usual disposable protections or with our reusable and washable protections available on this same page.

The washable pads are made of bamboo viscose, which is 60% more absorbent than cotton and dries 20% faster.
