

Gripware plate

- Edge with cut-out - 813104
- Straight edge - 813103

- **High edge 3.2 cm**
- **Non-slip underside**
- **2 models as required**
- **Dishwasher guarantee except for rubberised glides**

The Gripware plate is very useful for the meals of disabled or hemiplegic people. It has a very high rim (3.2 cm) and a non-slip underside. The high rims are very useful to collect food more easily.

Dishwasher-safe except for the rubberised runners.

Diameter 21 cm.

Our plates are available in 2 versions: classic rim or rim cut out on one side for better access to the cutlery.

Version with straight edge (on the left of the photo).

Variantes :

- Edge with cut-out
- Straight edge
