Galapagos bath lift

- 822068

- **A relaxing and comfortable bath**

The Galapagos bath lift allows users to bathe comfortably, as the seat gently lowers them into the bath and lifts them back up when they are finished.
It is made from lightweight, high-quality recycled plastic. This makes the bath lift easier to transport and store (and therefore easier to carry when travelling)
The lithium-ion battery that powers the lift is located in the remote control. The motor and remote control are completely waterproof and can be used even when submerged.
The frame is sturdy and articulated, allowing the seat to be raised up to 48 cm and lowered to 8 cm.
Safety feature : the lift will not lower if the remote control battery is not sufficiently charged and will only allow the lift seat to be raised.
Completely padded, even on the side panels.
The product is ready to use and requires no assembly.
Seat dimensions : width 40 x depth 50 x height 8 to 48 cm.
Width including side panels : 72.5 cm.
Seat dimensions : width 40 x depth 50 x height 8 to 48 cm.
Backrest dimensions : width 36 x height 65 cm.
Base dimensions : width 31 x depth 61.2 cm.
Rise time 45 seconds, lowering time 30 seconds.
15 V 2.2 Ah battery.
Charging time : 3 hours.
Maximum backrest angle : 45°.
Weight without remote control : 9.6 kg.
Maximum user weight : 140 kg.

Lifetime warranty on motor and structure, 2 year warranty on battery and remote control.
