Tablette Facilotab Classic Wifi

- 819173

- **The tablet designed for seniors and beginners**

Facilotab's strength lies in providing an ultra-intuitive environment where no accidental operations are possible. Numerous features make it especially suitable for beginners and seniors: alphabetical keyboard, powerful zoom functions, voice recognition, anti-shake system, AMD-friendly font, automatic photo organization. This senior tablet is 100% compatible with Android apps. Ideal for family video calls via WhatsApp, games, administrative tasks, home deliveries, or telemedicine. Comes with a shockproof case. Free telephone support is also included (service available only in France).
