- Bucket protector - 803038

- **Prevents soiling of commode buckets and bedpans**

This bag and its absorbent pad are ideal for preventing soiling in commode buckets and bed pans.
Caregivers can keep their skin clean and maintain hygiene in their patients' environment.
Practical, it allows for the patient's waste to be removed and absorb unpleasant odours in just a few movements.
The absorbent pad transforms the contents in 2 minutes maximum, preventing odours and soiling from escaping.
The vomit bags can be easily transported when travelling.
Simple closure with straps.
Box of 20.
