PositPro half-moon cushion

- Aubergine - 829074.A

- Grey - 829074

- **Supports and stabilises the patient's back**
- **Helps prevent bedsores during nursing care**
- **Material developed using the latest innovations**
- **100% Made in France**

The PositPro cushions feature Technigel fibre, which provides exceptional comfort for patients. It exceeds the comfort performance of current polyester fibres, is lighter and, above all, has a memory effect. It allows for optimal positioning to relieve pressure points.
They come with a removable Steritex cover, made from the most resistant polyurethane on the market. Innovative, ventilatede and waterproof coating on a bi-elastic knitted base. Ideal for decontamination in care homes and suitable for the most stringent requirements in environments at risk of contamination.
Its resistance to maintenance makes Steritex a product that is highly appreciated by hygiene services. Washable at 95°C. Resistant to chlorine and autoclaving.

Very soft and comfortable to the touch. 100% cotton fibre cover.

Half-moon shaped cushion, supports and props up the patient's back in a seated position in a chair or lying down in a supine position at 30°C.
The cushion is used to relieve and distribute pressure points on the patient and prevent the development of bedsores during nursing care. Discover our anti-bedsore cushions.
