

PositPro arm cushion

- Aubergine - 829079.A
- Grey - 829079

- Positioning cushion for the arm or neck
- For use in conjunction with the Positpro range
- Material based on the latest innovations

The PositPro cushions feature Technigel fibre, which provides exceptional comfort for patients. It exceeds the comfort performance of current polyester fibres, is lighter and, above all, has a memory effect. It allows for optimal positioning to relieve pressure points.

They come with a removable Steritex cover, made from the most resistant polyurethane on the market. Innovative, ventilated and waterproof coating on a bi-elastic knitted base. Ideal for decontamination in communal areas and suitable for the most stringent requirements in environments with a risk of contamination. Its resistance to maintenance makes Steritex a product that is highly appreciated by hygiene services. Washable at 90°C. Resistant to chlorine and autoclaving.

Very soft and comfortable to the touch. 100% cotton fibre cover.

Multifunctional rectangular cushion. Supports and secures the arm and the neck in addition to the half-moon cushion. Allows for optimisation and adjustment of the position in lateral and dorsal decubitus positions.

Dimensions : 15 x 40 cm.

Variantes :

- Aubergine
- Grey
