Rubber threshold

- 15 x 140 mm - 825050
- 20 x 150 mm - 825051
- 25 x 150 mm - 825052
- 30 x 200 mm - 825053
- 35 x 200 mm - 825054
- 44 x 250 mm - 825055
- 8 x 80 mm - 825056

- **Economical rubber threshold ramps, non-deforming**

These beveled ramps are made of non-slip rubber. The density of the material used allows wheelchairs to pass over the ramps without deformation. The ramps can be cut with a simple cutter to fit into non-standard locations. PVC material. Can be used in wet areas.
Different heights available depending on the obstacle to be overcome.

Width : 90 cm.

7 models :
- Height 8 mm x depth 80 mm. Maximum user weight: 650 kg
- Height 15 mm x depth 140 mm. Maximum user weight: 650 kg
- Height 20 mm x depth 150 mm. Maximum user weight: 650 kg
- Height 25 mm x depth 150 mm. Maximum user weight: 650 kg
- Height 30 mm x depth 200 mm. Maximum user weight: 650 kg
- Height 35 mm x depth 200 mm. Maximum user weight: 650 kg
- Height 44 mm x depth 250 mm. Maximum user weight: 1000 kg
