

Terraillon Circulatory Stimulator

- Improves blood circulation
- Electrostimulation + pumping exercises

The brand new Terraillon circulatory stimulator is ideal for people suffering from poor circulation, muscle weakness, diabetes and arthritis. Its effects help to reduce the feeling of heavy legs and to fight against sedentary lifestyle. It works thanks to muscle electrostimulation (EMS) and transcutaneous electrical neurostimulation (TENS). It also combines a pumping effect with its exercise stepper function. You control all functions with your wireless remote control.

99 intensity levels and 15 wave variations. 2 pre-installed programs. LED display. Comes with 2 adhesive electrodes.

Mains operated with adapter supplied.

Dimensions: 42.8 x 41.6 x 10.4 cm.

Weight 2.07 kg.

2-year warranty.

Terraillon.
