

## Iliade folding arm support

- 812036

- **Heavy-duty stainless steel structure with nylon coating**
- **Foldable, ideal for small spaces**

Our Iliade support arm makes it possible to get up from the sitting position, ideally placed next to a toilet bowl. Its very sturdy structure gives you a secure support. The very soft spring system keeps the bar horizontally, but also vertically to give room.

Console in brushed 304 stainless steel. 4-point bracket 20.5 x 12 cm.

Nylon-covered stainless steel handrail.

Tube diameter 35 mm. Dimensions : Length. 61 x height. 13 cm.

Maximum supported weight 135 kg.
