

## Multi-resident wireless alert system

- Alert system - 819200

- Alarm system for senior citizens 2 alarm pendants supplied
- Ideal for communities and small organisations
- Optional additional pendant

This [Multi-resident wireless alert system](#) consists of a base with a lightweight, portable receiver and 2 alert pendants. When a pendant is triggered, the base receives the signal, whether it's on the recharging base or with the carer on the move. Audible alarm and adjustable volume. Additional pendants can be paired with the same base for multi-patient use (up to 45 residents). Ideal for small facilities.

Base dimensions: 5 x 2 x 8.5 cm rechargeable via USB cable supplied.

Pendant dimensions: 3.5 x 1.5 x 6 cm powered by 1 CR2032 battery (included).

Operating distance: 100 m unobstructed.

Additional pendant REF. 819201 no longer available
