

Proclassic rise and recline armchair

- Blue - 821061.BLEU

- Yellow - 821061

- A 2-motor armchair suitable for care homes
- Waterproof upholstery, fire rated M3
- Simplified lateral transfer
- Full video below

The ProClassic rise and recline armchair has upholstery which is suitable for use in care homes, can be coldspray-disinfected and is waterproof. Its removable armrests make lateral transfers easier and at the right height, with its specially designed motor for raising and lowering the seat, leaving it horizontal. The second motor allows the ProClassic to be used like any other rise and recline armchair : in the raised position and in the reclined position. Multi-directional wheels with brakes, which are disactivated in the raised position and during horizontal transfers. Features are recommended for care homes. Waterproof upholstery. Removable armrests for easy transfers

Two-tone yellow/grey or blue/grey upholstery in M3 fire-rated polyurethane.
