(On restock - Available from 03/09/2025)

- **White lettering, ideal for the visually impaired**
- **Large size : 28 x 28 cm**
-

Digital clock displaying the full calendar and time, useful for people who are disoriented. The high-contrast white display makes the clock very easy to read, even for those with poor eyesight. Can be placed on a surface using the removable feet or wall-mounted.

Mains powered. Equipped with an internal battery to save the display in the event of a power failure.

White lettering, ideal for the visually impaired.

Large size : 28 x 28 cm.

Easy to set with 3 buttons.

Thickness : 4.2 cm.

3-year warranty

Date d'impression : 30/08/2025
