

Diatomite bath board

- Light blue - 817272.BLEU
- Grey - 817272.SOURIS
- Pearl Grey - 817272.GRIS
- Light pink - 817272.ROSE

- A revolutionary absorbent material
- Non-slip and naturally antibacterial
- Instantly dries the soles of the feet

Our diatomite bath board is a fantastic safety tool. When you get out of the bath or shower, just stand on it for a few seconds, and the product will dry your feet by literally sucking the moisture out of them. This elegant sheet is made from fossilised phytoplankton, forming a light, porous rock with a high water absorption capacity. This product dries quickly and becomes streak-free again. Easy care: wash in water or lightly sand.

Comfortable size : 60 x 40 cm.

Choice of 4 colours to suit your interior: pearl grey (light), light pink, light blue and mouse grey.

Weight : 2.2 kg.

The diatomite bath board is a fantastic safety device. When stepping out of the bath or shower, stand on the bath board for a few seconds and the board will dry your feet by literally absorbing the moisture. This elegant board is made from fossilised phytoplankton, forming a porous, lightweight rock with a high water absorption capacity. This product dries quickly and leaves no trace.
