BeasyGlyder transfer board

- Beasyglyder - 815196
- Beasytrans - 815195

- **Extremely comfortable sliding seat**
- **Lightweight design**

The BeasyTrans transfer board is a very easy-to-use device. It requires very little effort to use as the seat slides along the entire length of the board. Its impressive length and unique S-shape allow for a wide range of different transfers.
Dimensions : Length 102 x width 30 x thickness 2.5 cm (with seat 3.75 cm).
Weight : Only 3 kg.
Colour : white.
Photos 1 and 2.

The BeasyGlyder transfer board is lightweight and easy to use. Its sliding seat makes transfers easier. Its simple curved shape and smaller size allow for a wide range of different transfers.
Dimensions : Length 80 x width 25.5 x thickness 1.5 cm (with seat 2.4 cm).

Weight : Only 2 kg.
Colour : white.
Photos 3 and 4.

Maximum user weight : 180 kg.
