( Disponible sous 40 jours)

- **Top of the range armchair**
- **Lift up without tilting**
- **360° swivel range**
- **Width-adjustable armrests**
- **Comfort of zero gravity**

The Arctic lift chair is a jewel of technology and comfort, equipped with 3 motors. You can relax in either a reclining position (with or without leg rests) or a zero gravity position (tilted backwards with the pelvis lower). You can get up very easily with a movement that lifts you up without tilting you forward too much. It has all the characteristics of a top-of-the-range armchair: armrests that fold down for lateral transfers, height-adjustable backrest, tilt-adjustable headrest section, supplied with a very soft and comfortable head cushion, solid wood base and handles. It is also equipped with a double side USB socket for connecting your shelves and other devices. The castors are very practical. Very high quality fabric, seat in double-layer foam. Width between armrests adjustable up to seat width + 10 cm.

Choice of 3 models depending on seat width:

- Model seat width 45 cm  
Overall dimensions: width 72 x depth 77/182 cm. Weight 59 kg.  
Seat dimensions : width 45 x depth 43/53 x height. 45/55 cm.
