

Sit-on transfer device RS3

- 815199

- **This transfer handlebar is a simple solution for the safe transfer of patients.**
- **Ideal in an establishment**

Our RS3 transfer device helps you to realise with less effort longer transfers with a patient. It has a soft seat that can be used for all sizes and an upholstered backrest for safety. Upright equipped with a central castor and 4 multi-directional wheels for exceptional manoeuvrability. The base is very low to fit under a bed and thin enough to fit between the legs of an armchair. Adjustable shin guard with tilt adjustment.

Overall dimensions: width 70 x depth 82.9 x height adjustable from 94 to 101 cm.

Seat height from 51.5 to 58.5 cm.

Width of hand rest 69 cm.

Shin guard adjustable from 29.2 to 46.7 cm.

Weight 25,7 kg

Maximum supported weight 150 kg.
