Moovy manual toilet / shower and transfer chair

- 822011

- **Extremely versatile with 3 uses**
- **Smooth lifting and transfer**
- **Video demonstrating use available**

The Moovy Shower Manual Toilet / Shower Chair is the ideal companion for home or community center use to transport people to the shower or toilet. Its design allows the user to be lifted from a seated position on the bed. The seat opens 360° at the rear to slide under the patient on either side. Once the seat is tightened and the backrest secured with the double buckle belt (double safety), the user can be transferred safely. The user is comfortably seated with the soft polyurethane backrest, ergonomic seat and footrests. Equipped with an IV pole. Rear comfortable and ergonomic handles are very comfortable for caregivers.
Four silent medical-grade wheels with brakes. (front wheels diameter 12.5 cm and rear wheels 7.5 cm)
Supplied with a safety lap belt, a removable potty and a comfortable seat.
Structure in painted 2.0 medical-grade galvanised steel, seat in ABS and backrest in polyurethane foam. Rubber handles.
