

Tasmanie wheelchair work table

- 823001

The Tasmanie work table is ideal for working on a computer, writing, drawing or eating lunch in a wheelchair. Its high-quality hydraulic actuator allows the table height to be raised simply by pushing it. To lower the table, the lever on the actuator must be activated.

The hydraulic actuator can be operated from the front or rear. Tabletop in melamine with wood finish. Very elegant matt black steel base. Equipped with 4 wheels, 2 of which have brakes.

Base dimensions : width 70 x depth 44.5 cm.

Passage width : 58.5 cm.

Tabletop dimensions : width 60 x depth 60 / 32 x height 74.5 to 109.5 cm.

Passage width : 41 cm between armrests.
