

## Venen Walker Ultrasound

- 838038

*(On restock - Available from 20/10/2026)*

Ultrasound therapy is particularly recommended for treating musculoskeletal disorders that require pain relief. The waves pass through the skin and create a warming effect that relieves pain. It also promotes tissue relaxation, stimulates blood circulation, and can be used for cosmetic cellulite treatment and post-traumatic pain relief.

Sound frequency 1 MHz with 3 power modes. Duration settings: 5, 10 and 15 minutes.

Supplied with 60 ml bottle of gel. Mains powered.

Dimensions : 180 x 40 x 48 cm.

Weight : 140 g.

2-year warranty.
