IDENTITÉS

Seni classic - CLASSIC TRIO

Seni Classic offers a range of CLASSIC TRIO complete incontinence pads designed for people with severe urinary and faecal incontinence. Composed of two anatomically shaped absorbent pads made of cellulose pulp with super-absorbent material. Distribution layer (EDS). Side barriers with elastomeric thread run along the entire length of the absorbent pad, facing outwards to protect the groin area from leaks. Four multi-position velcro fasteners. Double wetness indicator : ink impressions that become blurred and two yellow adhesive strips that turn green when the pad is soiled. The outer layer is vapour-permeable in the central section and non-woven on the sides (hips).

Available in 4 sizes :
- S : Dimensions 55-80 cm. Absorption 2100 ml.
- M : Dimensions 75-110 cm. Absorption 2900 ml. (This size is no longer available for sale)
