

Seni active - PLUS

Seni Active Classic offers a range of absorbent pants for people with heavy incontinence with its PLUS model. These diapers have a cellulose pulp pad with excellent absorption capacity. Dispensing Sail (EDS). Complemented by side barriers along the entire length of the pad made of elastic non-woven fabric to protect against leakage in the inguinal area. Moisture indicator: a print that becomes blurred when the protection is saturated. Vapour permeable outer layer over the entire surface. Exceptional comfort thanks to the elastic around the waist. Even more security with its hydrophobic anti-leakage side barriers and its super-absorbent double pad. Dry feel and odour reduction. FRONT" lettering on the front. Non-woven on the outside. Very soft material. Protects the skin from irritation.

Available in 5 sizes:
