SeniCare activating body gel

- 803209

For effective stimulation of sensitive skin prone to redness and bedsores. With the aid of the guarana extract, the gel improves blood circulation and has a revitalising and refreshing effect. It moisturises the skin, soothes and reduces muscle tension. Natural ingredients with antibacterial properties ensure the gel's protective function.
Active ingredients : guarana (14), camphor, caffeine, flax bio-complex (1), bisabolol (15), allantoin (9).
200ml tube.

Date d'impression : 24/11/2026
