

Plastic stocking or tight threader

- Stocking threader - 819050
- Tight threader - 819051

- **Light and flexible material**

This support stocking or sock threader is light and flexible. It is very easy to use: you place the top of the sock or support stocking in its 2 notches. You just have to slide your foot inside and pull it up thanks to its cotton straps. It is then easy to remove when the sock or support stocking is positioned.

Polyethylene and cotton material.

Stocking threader: 66cm strips. Height 21 x width 22 cm

Variantes :

- Stocking threader
- Tight threader
