Footrest cushion

- 855182

The corrective cushions are made of high-density viscoelastic foam, which distributes weight perfectly and provides firm support. This firmness allows users to correct their posture on any existing seat.
Supplied with a black velvet cover that is removable and machine washable at 30°C.
100% cotton protective cover. Multi-pad non-slip underside.

Very important for good posture when sitting at the office or at home.
It consists of a half-moon footrest and a removable wedge, attached with Velcro, allowing it to be used at two different heights (11 or 16 cm).
Weight : 1.2 kg.
Half-moon dimensions : Length 42 x width 28.5 x height 11 cm.
Wedge dimensions : Length 42 x width 28.5 x height 5 cm.

Date d'impression : 23/11/2026
