

Footrest cushion

- 855182

The corrective cushions are made of high-density viscoelastic foam, which distributes weight perfectly and provides firm support. This firmness allows users to correct their posture on any existing seat.

Supplied with a black velvet cover that is removable and machine washable at 30°C.

100% cotton protective cover. Multi-pad non-slip underside.

Very important for good posture when sitting at the office or at home.

It consists of a half-moon footrest and a removable wedge, attached with Velcro, allowing it to be used at two different heights (11 or 16 cm).

Weight : 1.2 kg.

Half-moon dimensions : Length 42 x width 28.5 x height 11 cm.

Wedge dimensions : Length 42 x width 28.5 x height 5 cm.
