Electric back support

- 823068

By using the remote control, the backrest can be raised so the user can read or eat in bed. The backrest folds flat under the mattress, ensuring the same level of comfort as your existing mattress. Ideal for conditions requiring an elevated position while sleeping. Steel frame with electric lift mechanism. Mains connection. Removable pillow included. Suede cover.

Dimensions : Length 100 x width 60 x thickness 9 cm. Maximum weight supported : 80 kg.

Date d'impression : 17/11/2026
