- **Perfect for sensitive skin**
- **Anatomical protection like traditional underwear**
- **Optimal protection against all types of leaks**

Soffisof Air Dry Panties with adhesive are anatomically shaped absorbent pads made from pure cellulose fibres, super-absorbent polymers and a waterproof outer layer to ensure maximum protection against all types of leaks. The practical readjustable adhesive strips make this protection similar to a regular pair of panties. The new design has been developed to guarantee maximum comfort. The moisture indicator gradually disappears, making it easy to know when it's time to change. The outer layer helps reduce redness and irritation, ensuring maximum safety and delicacy, even for the most sensitive skin.
Made in Italy.
