

Indesmed carbon walking stick

- S - 816043.S
- M - 816043.M
- L - 816043.L
- XL - 816043.XL

- **The lightest on the market (only 320g)!**
- **With folding brachial support so you can carry the cane in a static position.**

The Indesmed walking stick is a concentrate of technology, its lightweight carbon structure makes you forget the weight of the cane.

The handle and brachial support are adjustable to the millimetre. The ultra-comfortable handle is made from soft, hypoallergenic silicone.

Black handle.
